Mangao WRS – Team Testing Guide

Testing the system on Android phones (online server)

1. Install the app (5 minutes)

1. On your Android phone, open this link in Chrome: https://github.com/SkiptyRed8/mangao-wrs/releases/tag/app-latest

   (or install the mangao-wrs.apk file Amalyn sends you).

2. Under "Assets", tap mangao-wrs.apk. If Chrome warns, tap "Download anyway".

3. Open the downloaded file. Allow installing from Chrome (Settings > "Allow from this source"), go back, tap Install.

4. If Play Protect warns "unknown developer": tap "More details" > "Install anyway". (It warns only because the app is not from the Play Store.)

5. Open "Mangao WRS". The first time it can take up to 1 minute while the online server wakes up.

6. Check the version under the buttons on the Welcome screen (also at the bottom of My Account). It must match the newest version on the GitHub page (e.g. "version 1.0.13"). If it is older, install the new APK again; in the web version close the tab and open the link again.

You need internet on the phone (Wi-Fi or mobile data). Allow location and camera when the app asks.

Testing indoors? The owner can turn on More > Prices & Settings > Demo ride: the sidecar then drives from the station to the customer by itself. Turn it off afterwards.

2. Accounts to log in with

Role	Name	Phone number	Password
Owner	Ervin P. Mangao	09170000001	Ask Amalyn
Staff	Joy Ramos	09170000002	staff123
Rider	Juan Dela Cruz	09170000003	rider123
Customer	Ana Lim	09172001111	ana123
Customer	Maria Santos	09171234567	maria123
Customer	Pedro Reyes	09172221010	pedro123
Customer	Your own	Tap Sign up	Your own

Type the phone number with or without spaces (0917 000 0002 also works).

3. Rules while testing

• Everyone uses the SAME online system: an order you place shows up on the other testers' phones. That is expected.

• Do not change the owner password or edit/deactivate the demo accounts. If you change a price or the tank limit, put it back.

• Do not pull down to refresh when a check says "by itself": the screen should change within a few seconds on its own.

• For every check, tick Pass or Fail. For a Fail: take a screenshot and write the check number (e.g. "B6") and what happened.

• Send all Fails to Amalyn in the group chat (screenshot + check number).

4. Who does what

5 parts, 84 checks. With 4 testers, each takes one role (Parts A to D). Suggested order: everyone logs in first, do Part E together (it needs all four phones), then continue your own part. With fewer testers, one person can do two roles on two phones, or log out and log in as the other role.

Part	Role	Who	Checks	Tester name
A	Customer	1 person (phone 1)	22	
B	Owner	1 person (phone 2)	27	

Part	Role	Who	Checks	Tester name
C	Staff	1 person (phone 3)	13	
D	Rider	1 person (phone 4)	11	
E	Everyone together: one order from start to finish	All 4 phones at the same time (about 10 minutes)	11	

Part A · Customer

Who: 1 person (phone 1)
Log in as: Ana Lim · 09172001111 · ana123 (later in this part you also make your own account)

#	Do this	You should see	Result	Notes
A1	Open the app.	Welcome screen with the logo and the buttons Log in, Sign up and "Continue as guest". (The first time it can take up to 1 minute while the server wakes up.)	☐ Pass ☐ Fail	
A2	Log in with 09172001111 and a wrong password, e.g. abc123.	Red box "Details wrong / Check your phone number and password"; the boxes get red borders.	☐ Pass ☐ Fail	
A3	Log in with 09172001111 / ana123.	Home: Order Now button and the Price List (Refill (delivery) ₱35.00 per gallon, Package ₱150.00).	☐ Pass ☐ Fail	
A4	Close the app fully (swipe it away from recent apps) and open it again right away.	Home opens again within a few seconds (still logged in). It must not stay on the logo screen.	☐ Pass ☐ Fail	
A5	Tap Order Now.	Order Form: "Refill my gallons" chosen, Gallons 1, Total ₱35.00, your phone already filled in, Payment "Cash on delivery (COD)".	☐ Pass ☐ Fail	
A6	Tap + two times. Then tap "Buy a package", then "Refill my gallons" again.	Refill: 3 gallons, ₱105.00. Package: ₱450.00. Back to Refill: ₱105.00.	☐ Pass ☐ Fail	
A7	Tap Delivery address > Pin on map > "Use my location". Allow location when the phone asks.	The map moves to where you are and shows "Pinned: near <street>, <barangay>". Tap "Use this address".	☐ Pass ☐ Fail	
A8	Tap Place order.	Popup "Confirm order?" with the gallons, address, payment and total.	☐ Pass ☐ Fail	
A9	Tap Confirm.	"Thank you for your order!" message. OK goes back to Home with a card "Waiting to be accepted". Tell the Owner tester your order is in.	☐ Pass ☐ Fail	
A10	Wait on Home while the Owner accepts your order. Do not touch the screen.	Within a few seconds the card changes to "Processing" with "Estimated delivery: by <time>", and a banner "Order accepted" shows.	☐ Pass ☐ Fail	
A11	Tap the card.	Order Details with 5 steps (Order accepted checked, Processing current) and a "Call station" button.	☐ Pass ☐ Fail	
A12	Tap Call station.	The phone dialer opens with the station number.	☐ Pass ☐ Fail	
A13	Place a second order (1 gallon). Open it from Home and tap Cancel order > Confirm.	"Order cancelled; owner notified"; the order shows a Cancelled tag.	☐ Pass ☐ Fail	
A14	Open the My Orders tab.	Active orders on top; History has the cancelled order with a Reorder button.	☐ Pass ☐ Fail	
A15	Tap Reorder on the cancelled order.	Order Form filled in with the same gallons and address. Tap Cancel > Confirm to leave it.	☐ Pass ☐ Fail	
A16	My Account > Saved Addresses > Add address. Name "Work", Type address: house 5, street "Mabuhay St.", Barangay "Commonwealth" > Save.	"Address saved"; Work is in the list. Next time you order, Work shows as a quick choice.	☐ Pass ☐ Fail	

#	Do this	You should see	Result	Notes
A17	When the Rider marks your first order Delivered (Part E or ask the Rider tester).	The order changes to Delivered by itself with a banner "Delivered · Thank you! Enjoy your fresh water."	☐ Pass ☐ Fail	
A18	My Account > Log out > Confirm.	Back to the Welcome screen.	☐ Pass ☐ Fail	
A19	Tap "Continue as guest" > Order Now. Leave Name empty and tap Place order.	Red box "Name missing".	☐ Pass ☐ Fail	
A20	Fill Name, phone 09185551212, type an address, place the order.	Thank-you message; the order shows on Home with "This phone only; lost if the app is deleted".	☐ Pass ☐ Fail	
A21	My Account > Create account. Use YOUR OWN name, your own phone number, an email and a password (6+ letters), tick the Terms box > Create account.	"Account created" and "The orders on this phone are now in your account." My Orders shows the guest order.	☐ Pass ☐ Fail	
A22	Log out. Tap Sign up and try the same phone number again.	Red box "Phone number already used"; the phone box has a red border.	☐ Pass ☐ Fail	

Part B · Owner

Who: 1 person (phone 2)

Log in as: Owner · 09170000001 · password: ask Amalyn

Note: Please do NOT change the owner password or the demo accounts. If you change a price or the tank limit, put it back.

#	Do this	You should see	Result	Notes
B1	Log in as the owner.	Home: Log Walk-in / Log Delivery, Tank counter, "Needs Your Action", Today's Summary tiles and Stock Alerts. Bottom tabs: Home, Orders, Inventory, Sales, More.	☐ Pass ☐ Fail	
B2	Open the Orders tab.	Tabs New, Processing, Out for Delivery, Delivered with numbers. New shows the waiting orders (e.g. Maria Santos and Pedro Reyes from the demo data, and the Customer tester's order).	☐ Pass ☐ Fail	
B3	Stay on the New tab while the Customer tester places an order.	The order appears by itself within a few seconds; a banner "New order · <name>: ..." shows.	☐ Pass ☐ Fail	
B4	Tap an order.	Order Details: amount, name, phone, address, source, payment, and the Status Timeline.	☐ Pass ☐ Fail	
B5	Tap the phone number, then go back and tap the address.	Phone: the dialer opens. Address: a map popup with the pin and "Open in Google Maps".	☐ Pass ☐ Fail	
B6	Tap Accept. Leave rider Juan Dela Cruz chosen > Confirm.	"Accepted. Customer notified."; tag Processing; "Delivery by <time + 30 min>"; Rider Juan Dela Cruz.	☐ Pass ☐ Fail	
B7	Open Pedro Reyes (New) > Decline > "Run out of water" > Confirm.	"Declined. Customer sees the reason."; Declined tag; the timeline shows the reason.	☐ Pass ☐ Fail	
B8	Home > Log Delivery. Name Ben Cruz, phone 09185552211, address "5 Sampaguita St., Batasan Hills", 2 gallons, received by Call, Pay on delivery > Save.	"Order saved". It shows in Orders > Processing with "Rider: Owner".	☐ Pass ☐ Fail	
B9	Home > Log Walk-in. Tap Save with no quantity.	Red box "Quantity missing".	☐ Pass ☐ Fail	
B10	Log Walk-in: 2 gallons, Refill, Paid > Save.	"Walk-in saved: 2 gallons, Paid". Today's Summary: Walk-in +1, Gallons processed +2, Sales +₱60. Tank counter +2.	☐ Pass ☐ Fail	
B11	Tap the bell (top right).	Alerts list, newest first (e.g. "New order"), unread ones with a dot. Tap one: its order opens. "Mark all read" clears the dots.	☐ Pass ☐ Fail	
B12	Orders > Live Map (while the Rider has orders out, see Part E).	Map with the station, numbered pins for the orders on the road, and the rider as a blue sidecar (motorcycle with a sidecar and a water gallon) with a blue route line to the nearest pin and a label like "To 1 · 6 min". Tap the sidecar: name, "Next stop" with the minutes and km, orders, Call.	☐ Pass ☐ Fail	
B13	Inventory tab > New Gallons > Add stock 10 > note "Supplier" > Save.	"Stock goes up. Entry saved."; the number goes up by 10; "+10 Stock added" at the top of the list.	☐ Pass ☐ Fail	
B14	Inventory > Movement History.	Gallon and seal entries, newest first, including Automatic ones from orders sent out.	☐ Pass ☐ Fail	

#	Do this	You should see	Result	Notes
B15	Inventory > Borrowed Gallons > + Lend gallon. Name Mang Ben, 2 gallons > Save. Then tap Returned > Confirm.	Lend: "Gallons lent. Stock goes down." Return: "Returned. Stock goes up." The list is empty again.	☐ Pass ☐ Fail	
B16	Sales tab (Daily).	Money earned, Unpaid, Gallons processed, Packages sold, Delivery vs walk-in, Rider paid, Orders completed, and the orders list. Numbers match what the team did today.	☐ Pass ☐ Fail	
B17	Sales > Weekly.	This week Monday to Sunday with bars, "Compared with last week" and totals.	☐ Pass ☐ Fail	
B18	Sales > Daily > tap the Unpaid tile.	Unpaid Accounts: Total owed and one row per customer who owes. Tap a customer > Paid on an order > Confirm: "Marked paid. Total owed updated."	☐ Pass ☐ Fail	
B19	Sales > Daily > Export > PDF > Create file.	The phone's Save screen opens with the name Mangao-Daily-Sales-<date>.pdf. Tap Save (Downloads). The app shows "File saved".	☐ Pass ☐ Fail	
B20	Open the Files app > Downloads and tap the PDF.	It opens: logo, "Daily Sales Report", the numbers and the orders table.	☐ Pass ☐ Fail	
B21	Back in the app: Spreadsheet > Create file > Save.	A .xlsx file is saved in Downloads; it opens in Google Sheets or Excel.	☐ Pass ☐ Fail	
B22	iPhone (web version in Safari): Sales > Daily > Export > PDF > Create file.	Safari asks to download the file (if not, tap the Download button in the "File ready" box). Tap Download; open it from the Files app > Downloads.	☐ Pass ☐ Fail	
B23	Open an order the Rider marked "Not delivered" (Orders > Filter > Not delivered) > Re-deliver > Confirm.	"Back to Processing."; it goes back to the Processing tab with a new delivery time.	☐ Pass ☐ Fail	
B24	More > Staff & Riders.	Owner, Joy Ramos (Staff) and Juan Dela Cruz (Rider), each Active.	☐ Pass ☐ Fail	
B25	More > Prices & Settings.	Prices ₱30.00 / ₱35.00 / ₱150.00, Tank limit 60, Low-stock levels, Station location "98 Riverside Street, Barangay Commonwealth, Quezon City". (Look only.)	☐ Pass ☐ Fail	
B26	Home > when the tank counter is 60 or more: "Water tank refilled" > Confirm.	"Counter = 0; alert cleared"; the card shows 0 / 60.	☐ Pass ☐ Fail	
B27	Tap the "Admin" button in the top bar > Staff > Open view. Then switch back to Admin.	The staff screens show (To Do, Live Map, Done Today, My Account); switching back shows the owner screens.	☐ Pass ☐ Fail	

Part C · Staff

Who: 1 person (phone 3)
Log in as: Joy Ramos (Staff) · 09170000002 · staff123

#	Do this	You should see	Result	Notes
C1	Log in as staff.	To Do: Tank Counter "N / 60", Log Walk-in and Log Delivery buttons, Borrowed Gallons, and "Processing (n)" with the accepted orders.	☐ Pass ☐ Fail	
C2	Check the bottom tabs.	To Do, Live Map, Done Today, My Account. There is NO Sales tab (owner only).	☐ Pass ☐ Fail	
C3	Log Walk-in > Save with no quantity.	Red box "Quantity missing".	☐ Pass ☐ Fail	
C4	Log Walk-in: 3 gallons, Refill, Paid > Save.	"Walk-in saved: 3 gallons, Paid"; the Tank Counter goes up by 3.	☐ Pass ☐ Fail	
C5	Log Delivery: your own made-up customer name, phone 09187771234, an address, 2 gallons, received by Text, Pay on delivery > Save.	"Order saved"; it appears under Processing.	☐ Pass ☐ Fail	
C6	Tap an order under Processing.	Order Details (view only) with "Mark Out for Delivery" and "Report damaged gallon".	☐ Pass ☐ Fail	
C7	Report damaged gallon > Take photo (the phone camera opens) > take any photo > note "Cracked at the handle" > Send.	"Sent to the owner. A new gallon replaces it." The Owner gets a "Damaged gallon" alert.	☐ Pass ☐ Fail	
C8	Back on To Do: Select > tick one order > "Mark selected Out for Delivery" > Confirm.	"Out for delivery. Customer notified."; the order leaves Processing; the Tank Counter goes up by its gallons.	☐ Pass ☐ Fail	
C9	When Processing has orders for different riders (Juan and Owner): tap "Mark all Out for Delivery".	Popup "Different riders" with Batch 1 · Juan Dela Cruz and Batch 2 · Owner > "Send both batches" sends all.	☐ Pass ☐ Fail	
C10	Borrowed Gallons > + Lend gallon: name Aling Nena, 1 gallon > Save.	"Gallons lent. Stock goes down."; the entry says "Lent ... by Joy Ramos".	☐ Pass ☐ Fail	
C11	Live Map tab (while orders are out).	Same map as the owner: station, the rider's sidecar with the route line, and order pins.	☐ Pass ☐ Fail	
C12	Done Today tab.	Gallons processed today and the list of walk-ins, logged deliveries and orders sent out, newest first.	☐ Pass ☐ Fail	
C13	My Account.	Your profile with NO Edit button (view only), Change password and Log out.	☐ Pass ☐ Fail	

Part D · Rider

Who: 1 person (phone 4)
Log in as: Juan Dela Cruz (Rider) · 09170000003 · rider123

#	Do this	You should see	Result	Notes
D1	Log in as rider.	Deliveries tab: "No orders on the road" (until Staff sends orders out).	☐ Pass ☐ Fail	
D2	Wait while Staff marks your orders Out for Delivery. Do not touch the screen.	The list fills by itself: "Out for Delivery (n) · Sent out <time>", one card per order with name, address, gallons, amount and payment.	☐ Pass ☐ Fail	
D3	Allow location when the phone asks ("While using the app").	Banner "Location Sharing · On while orders are out".	☐ Pass ☐ Fail	
D4	Tap Call on an order.	The phone dialer opens with the customer's number.	☐ Pass ☐ Fail	
D5	Tap Directions.	Google Maps opens at the customer's address or pin.	☐ Pass ☐ Fail	
D6	Tap Delivered on a cash-on-delivery order > Paid.	"Delivered. Paid."; the card disappears. The customer sees Delivered.	☐ Pass ☐ Fail	
D7	Tap Delivered on another order > Unpaid.	"Delivered; customer owes P<amount>". The Owner sees it in Unpaid Accounts.	☐ Pass ☐ Fail	
D8	Tap Not delivered on another order > note "Not home" > Confirm.	"Owner and customer notified". The Owner can Re-deliver it.	☐ Pass ☐ Fail	
D9	Report damaged gallon on an order > Take photo > note > Send.	"Sent to the owner. A new gallon replaces it."	☐ Pass ☐ Fail	
D10	After the last order is done.	Message ends with "Location sharing off." and the list shows "No orders on the road".	☐ Pass ☐ Fail	
D11	Done Today tab.	Delivered today count, Paid total (cash collected), Unpaid orders, and the list with Paid / Unpaid tags.	☐ Pass ☐ Fail	

Part E · Everyone together: one order from start to finish

Who: All 4 phones at the same time (about 10 minutes)

Log in as: Customer, Owner, Staff and Rider as in Parts A to D

Note: This is the most important part: it shows the live updates between phones. Do not pull down to refresh; the screens should change by themselves within a few seconds.

#	Do this	You should see	Result	Notes
E1	Owner: stay on Orders > New. Customer: place a 2-gallon order.	Owner: the order appears by itself; a white alert card "New order" slides in at the top (tap it to open the order) and the bell number goes up. The card shows "Ordered <date>, <time>", "As soon as possible" and "cancels at <time> if not accepted". The bell list shows the date and time of each alert.	☐ Pass ☐ Fail	
E2	Owner phone (Android app, Firebase set up): close the app. Customer: place another order.	The owner phone shows "New order" in the notification bar (with the order date and time). Tapping it opens the order.	☐ Pass ☐ Fail	
E3	Customer: place an order with Delivery date > Choose a date > tomorrow.	Owner New card: "Deliver on <day>". After Accept, the customer sees "Estimated Delivery: <date>, 7:30 AM to 6:00 PM".	☐ Pass ☐ Fail	
E4	Customer: open the order and wait. Owner: Accept it with rider Juan Dela Cruz.	Customer: the screen jumps to Processing with the delivery time and an "Order accepted" banner. Staff: it appears in To Do > Processing by itself.	☐ Pass ☐ Fail	
E5	Rider: stay on Deliveries. Staff: Mark it Out for Delivery.	Rider: the order appears by itself; Location Sharing turns on. Customer: "Out for Delivery" with "Your rider is on the way." Tank counter goes up by 2.	☐ Pass ☐ Fail	
E6	Owner: Orders > Live Map. Customer: look at the order.	Owner: ONE sidecar; it starts at the station, then is where the Rider phone is. Customer: above the map "About n min away · n km"; on the map the station, a house at the delivery address, the sidecar, a light line behind it from the station and a blue line along the streets ahead.	☐ Pass ☐ Fail	
E7	Rider (or the Demo ride) comes within about 300 m of the customer.	Customer: "Arriving - please prepare ₱70.00" above the map and an alert "Your water is arriving". Owner map label: "Arriving at 1".	☐ Pass ☐ Fail	
E8	Rider reaches the customer (within about 50 m).	Customer: "Your rider has arrived. Please prepare ₱70.00" and an alert "Your rider has arrived". Owner map label: "Arrived at 1".	☐ Pass ☐ Fail	
E9	Rider: Delivered > Paid.	Customer: "Delivered" with a banner; the map is gone. Owner: Live Map shows "No deliveries running"; Home Delivered tile and Sales go up; Sales > Daily lists the order.	☐ Pass ☐ Fail	
E10	Two orders out together: Rider delivers the first one.	The sidecar stays on the map and goes on to the second house; that customer gets "arriving" and "has arrived" the same way. After the last one: "No deliveries running".	☐ Pass ☐ Fail	
E11	Customer: turn off Wi-Fi/data for 10 seconds, then on again. Owner: accept another order meanwhile.	The app does not crash; after the internet is back the customer screen catches up by itself (or after pulling down).	☐ Pass ☐ Fail	

Problems found

Write each Fail here (or send it in the group chat with a screenshot).
